5. Conclusion

Although 2020 was a disappointing year in which we lost eight memberships and gained none, we ended 2021 with a net gain of two memberships. And with two new memberships gained already this year, together with a lapsed member returning to the fold, 2020 looks to have been no more than a lockdown-induced blip. We are also very grateful to everyone who has renewed this year, especially the SO payers who have taken the trouble to change to paying at the start of the year. And we remain optimistic that most, if not all of the 12 membership that have not yet renewed for this year will do so in due course.
